Mr. K. E. Fields
General Manager
Atomic Energy Commission
Washington 25, D. C.

Dear Mr. Fields:

This is to acknowledge your several letters of 13 April, the first concerning the AEC position on US-Soviet exchanges of visits, a second giving information on US scientists who had been invited to the Moscow conference on High Energy Particles, and a third attaching a copy of your letter to the Department of State concerning certain proposals for travel by Soviet scientists to Cornell University and elsewhere in April.

All of this information was promptly communicated to the IAC Standing Committee on Exchanges, and was used in its work, in which the AEC is represented, of course, by Dr. Reichardt. In addition, and pursuant to an oral discussion of the matter at the last meeting of the Intelligence Advisory Committee, I have caused your AEC statement of position to be formally circulated to the IAC (as IAC-D-103/2, dated 11 May 1956).

Thank you for sending me this material.

Sincerely,

O/NE:WPBundy (drafted 11 May 1956)
